## About the Seminar

Join us for four days of leadership building, professional development, and collaboration. The full training is designed to provide diversity leaders with the awareness, knowledge and skills needed to lead successful diversity initiatives and manage a diverse organization. Each participant is required to complete a 2-3 hour pre-training assignment before attending the course. The online coursework is preparation for the seminar.

Diversity leaders are challenged by working in fast-moving, ever-changing organizations that require them to take on a variety of roles and responsibilities.
